

VAL-DE-LOIRE

## SAINT-NICOLAS-DE-BOURGUEIL CAVE DRUSSE NATHALIE ET DAVID

A winegrowing estate of 21 ha. These young wine growers were rewarded in 2005 by the Départemental price for Dynamique Agricole. We do not use any more the weeding chemical one in our vines, they specify, which are enherbées between the rows and are worked on the surface with the foot.

Very traditional of the year, this remarkable Saint-Nicolas-de-Bourgueil Vieilles Vignes 2013, soil argilo-limestone, is a wine where the structure and the smoothness dominate, with the notes of truffle and strawberry, of nice color, typified, of flattering and rich at the same time, dense mouth, with ripe, for ageing tannins. The 2012 is particularly successful in this ricious year, fleshy, with tannins quite present, harmonious, a firm and silky wine at same time, with a flexible and persistent mouth. The 2011 of beautiful garnet-red color, fleshy, is very balanced, with the flavors of spices, cooked red fruits and violet, with silky tannins.

Their other Saint-Nicolas-in-Bourgueil Les Graviers 2013, elaborate on sand and flint soils, is rich color as out of matter, with the subtle nose of stone-fruits, all in mouth, of garnet-red color, finely spiced. Saint-Nicolas-de-Bourgueil rosé 2013, rather rare, is also a success, with this nose of peony, frankly and fond of delicacies.

Excel Bourgueil Leroy de Restigné 2013, marked by its micaceous chalk ground, generous, with nuances quite characteristic of ripe red fruits (cherry, wild strawberry). free Reception for the camp-site-drivers adhering to France Passion or others.

### COORDONNEES

### THE MOST IMPORTANT

Vintages in sale

2014, 2015, 2016 and 2016 (the rosé) the beginning of 2018

Established

1996

Average annual

90 000 bottles

Surface

21 ha

Vine Age

45 years

Soil and exposure

Alluvial grounds (flint and sand) and on the slopes ground argilo-limestone

Grape Variety

100% Cabernet franc

Winemaking

Collect grapes with optimization of the phenolic capacities of Cabernet franc according to the type of ground. Severe sorting with harvest with partial seeding, traditional infusion wine making standard (carefully), out of tanks concrete and Inox (thermobabbited)

Characteristics

The expression of the soils is preserved to the maximum, fruity for the gravels and charms for argilo-limestones. The purpose of the severe selections are to banish green tannins and the bitterness. In our areas, Cabernet franc is a type of vine which requires many patience, attention and care, in order to work out greedy and tempting wines: a big challenge every year

Wine and food pairing

The rosé calls a pause in end of the afternoon, but also the crudenesses, the fish, the exotic dishes. Great user-friendliness for the vintage Les Graviers (dishes of summer, rib steak on the grill, toasts of Saint-Maure of Touraine) and dishes simmered for the fleshier wines like Les Vieilles Vignes and Leroy de Restigné

Prices

5.90 to 12.30 €
